

Eat **DRINK** and be MARRIED

Dodmoor House 2019 Unlimited Drinks Package

Offers a big variety of exciting daytime drinks choices for you and your guests.

This reduces the stress, hassle and leftovers for you – but still controls the overall cost of your drinks.

Drinks reception drinks: Typically one sparkling, one cocktail, one beer, one soft drink

Meal drinks: one red, one white, one rose wine, continue with cocktails, beers & soft drinks

Speeches drink: one sparkling option (one glass per adult and a soft option for children)

Each drink has an individual price (per bottle/jug) we keep count of how many of these are served to your guests. We then calculate the overall cost of drinks served during the drinks reception, meal and speeches.

However there is a guaranteed maximum price per person, depending on the package you choose.

16/17-year-olds are half-price, 5-15 year olds are £4 per child and children under 5 years old are free!

If the overall total price of drinks is less than the guaranteed maximum, then you pay the lower amount.

If the price is greater than the maximum, you only pay the guaranteed maximum (we cover the difference).

We won't stop serving drinks or restrict the amount, as this offer is designed for those who want a maximum cost to help control budgets whilst indulging their guests with drinks and offering lots of choice!

Free tasting sessions take place regularly at our open evenings or buy some bottles to taste at home.
